

Wanted.

Every one to call and examine goods and prices before purchasing.

Harry Baum & Co

Vol. 10, No. 104

CITY COUNCIL.

ADJOURNED SESSION HELD YESTERDAY AFTERNOON.

Commerce Street Pavement Indefinitely Postponed—Manufacturing Interests.

The adjourned session of the City Council was held yesterday afternoon, Hon. J. H. French, Mayor, Aldermen Belknap, Dwyer, Hamilton, Lockwood, Richter, Schreiner, Story, Smye, Arnold, Cardeña, Bolton and Pauly being present.

Alderman Belknap offered the following resolution:

Resolved, that inasmuch as the sewers should be constructed before the paving of any street with block pavement, and as no provision for sewers has been made for Commerce street, therefore it is the sense of this Council that further consideration of this question be indefinitely postponed.

Alderman Story said the resolution perfectly accorded with his ideas, but he did not like to see the matter so unceremoniously killed.

Alderman Belknap, in support of his resolution, said that he was more than ever convinced of the necessity of procuring a system of sewerage.

The sewers must come; it is like the handwriting on the wall; and these improvements were adopted now the cost would be greater. He was also assured that some of the property owners objected to the block paving.

Alderman Lockwood moved that the consideration of the resolution be adjourned until the attendance of a full board. This motion was carried and adopted.

Dwyer reported monthly reports of officers had been examined and found correct.

Story reported that Mrs. Wren's sidewalk was very defective, and recommended that the top surface be removed and replaced by the Mayor, and the contractor held responsible for the work. The work had been built by the city.

Alderman Belknap considered that a great many of the cement sidewalks would require replacing in a short time, most of them were crumbling even now.

Alderman Lockwood inquired if the adoption of the report was decided upon whether the contractor would then be excluded from making the work.

He was informed by Alderman Bolton that he would, whereupon Alderman Lockwood opposed the adoption of the report on the ground that the contractor might have purchased what he thought was cement of good quality when it was not so. He considered the contractor ought to be allowed to do the work over himself.

Alderman Smye, comparing those sidewalks built by private parties and for the city, said he thought the former were good and the latter bad. He thought the city stood in need of a sidewalk inspector who would see to the quality of the work.

Alderman Hamilton said the fault was not in the cement, but in the foundations. The report was adopted.

A full board held then present Alderman Belknap called up his resolution when it was voted on, the voting standing 13 to 1. The report was then adopted, Alderman Story being the only one opposed.

Pauly reported in favor of allowing Mrs. Joyce to use a job wagon without license. Adopted.

Also recommended the adoption of the new ordinance regulating the storage of hay in the fire limits.

The ordinance was referred to the Fire Commission.

Pauly reported adversely on the petition of the Sunset railroad to be allowed to run through the city at a higher rate of speed than six miles per hour.

He was a member of the committee, said he did not agree with the majority, and thought the trains should be allowed to run at a rate of at least 12 miles per hour.

The report was adopted on a vote of 6 to 6, the Mayor casting the deciding vote.

Lockwood reported in favor of grading Crockett and other streets. Adopted.

Also in favor of opening up River avenue, and that a committee be appointed to inquire the cost of same. Adopted.

Schreiner reported in favor of granting several permits to erect lumber and iron buildings. Adopted.

Schreiner said that he had been told by Mr. Duerler, Chief of the Fire Department, that he would not accept control of paid employees, and it was therefore not necessary to report on the resolution of Mr. Smye.

Smye said he did not agree with the department, and thought the resolution should be adopted for the good of the department.

The resolution in question looks to placing all paid employees of the department under control of the Chief, instead of each company foreman, as at present.

The committee had reported adversely on the resolution, but was not acted on at the time in consequence of the absence of Mr. Smye, the father of the resolution. The report was adopted.

Reports of Fire Commission were examined and found correct.

Lockwood reported adversely on putting water in the cemeteries at the sum of \$50 per month. Adopted.

Seven fire hydrants had been examined and found correct, and three were not. The seven were accepted.

Arnold reported that the reports of the Market Master had been examined and found correct. Referred to the Finance Committee.

G. Flagg was given permission to erect a meat stall on Austin street.

Dwyer reported, asking the sum of \$54,150 for use of the city schools for the coming school year. Granted by a unanimous vote.

Belknap announced that the term of the present School Board had expired. Lockwood moved to continue the old board.

The Mayor said the rules required them to be elected by ballot.

Lockwood moved to suspend the rules and elect the old board by acclamation. No action.

Belknap, Dwyer, Hamilton, Lockwood, Richter, Schreiner, Story, Smye, Arnold, Cardeña, Bolton and Pauly being present.

The ordinance prohibiting the leaving of lighted oil lamps in unoccupied public buildings at night, in the First Fire limits, was called up and adopted.

Alderman Bolton called for his resolution to add manufacturing enterprises. It was made a special order for the next regular meeting.

Alderman Dwyer was called to the chair.

By Pauly: Offering a reward of \$10 to inform on persons who deposit fish in localities prohibited. Laid over.

By Cardeña: That the Street Commissioner be ordered to have the trees and shrubbery in all the parks watered and attended to. Adopted.

By Lockwood: That the Mayor be authorized to have two stand pipes for sprinkling purposes erected, one at the corner of Austin and Tenth streets, and the other at the corner of Austin and Duval streets. Adopted.

By Bolton: That Rule 12 be amended by appointing an Alderman in each ward to be called the "Referee."

By Story: That \$250 be appropriated to remove Fireman's Hall No. 3. Referred.

By Bolton: That the City Engineer prepare an estimate of the cost for extending the northeast wing of Navarro street bridge wall. Adopted.

By Pauly: That the Street Commissioner remove all old timbers and decayed wooden sidewalks on Goliad street, as they are hereby declared a nuisance. Adopted.

By Pauly: That the stone culvert between North and South streets be repaired. Adopted.

By Hamilton: That the Street Commissioner repair Grand avenue from Avenue C to Dallas street. Referred.

By Bolton: That the Chief of the Fire department and foremen of the fire companies be authorized to suspend from duty any paid employee of the Fire department guilty of disobedience or neglect of duty, incompetency or drunkenness and report facts to the Mayor. If the Mayor approves, the same shall be submitted by him to the Council, with his recommendation for final action. Referred.

By Pauly: That the Street Commissioner build a new bridge across the Madre ditch, on Goliad street, to cost \$75. Referred.

By Pauly: That the City Physician immediately investigate the cause of the destruction of fish in San Pedro creek, report to the Mayor, who shall at once take the steps to remove the cause. Adopted.

New ordinance, referring to permits for meat stalls, and to regulate granting of property, read by Story and referred.

Ordinance regulating subdivision of property, read by Story and referred.

Adopted.

MURDER AND LYNCHING.

The Murder of Bragg at Cotulla and Sketch of the Murderer.

At Cotulla night before last Green McCullough, a bad man and desperado generally, well known throughout this section, shot and murdered in cold blood one Charles Bragg, a citizen of Cotulla.

He was taken out of jail yesterday by the citizens and hanged to a tree. The hanging, while generally condemned, is said to be a just punishment. The cause of the killing grew out of the trouble, over a year ago, in regard to the contested election of Sheriff McKinney by ex-Sheriff Tompkins, and shortly after that election Bragg and McCullough had a shooting scrape on the streets of that town, in which Bragg shot off three of McCullough's fingers, and McCullough, returning the fire, accidentally killed County Judge Williams, who was sitting in his office. McCullough is credited with a very bad record of crime and murder, some seven or eight being laid to him. He formerly lived in the Sotter settlement, in Atascosa county, where he terrorized the citizens to such a degree that he was driven out of his own way. He used to attend the little church in the neighborhood with a big stick-stoker buckled on him, and once, not finding a vacant seat in the church, deliberately walked up to the front part of the congregation and sat down in the lap of the prettiest girl there. At that time, despite the remonstrances of the young lady's friends, he killed a man at Pleasanton and escaped from the Pleasanton jail by leaping from its roof to the ground.

PERSONAL POINTS.

Collected From Hotel Corridors and Elsewhere.

J. C. Dunn and wife, of Coleman, are at the Central.

R. Y. Hudson, a prominent citizen of Brownsville, is at the Central.

Mr. H. E. Tuttle returned this morning from his ranch in Prio county.

Mr. Thomas P. Marsh, of Taylor, is in the city buying sheep, at the St. Leonard.

Frank Douglas, Esq., a prominent attorney from Corpus Christi, now located at Seguin, is at the Central.

Otto L. Amberg, a prominent young merchant and stockman of Rutersburg, Texas, is at the Central.

Judge Thomas Paschal, of Castroville, passed through the city with the Midland delegation for New Braunfels to-day.

Mrs. Mary Johnson, the mother of Messrs. Johnson, of the Local, returned last evening from a health recruiting visit to the coast and a visit to Houston.

Marriages.

Justice Anton Adam's services were called into requisition this morning to join two couples in the bonds of matrimony, viz: Max Gander to Anna Jochny, and Lorenz Wall to Crescenzo Eberle.

Suit on Sworn Account.

In Justice Anton Adam's court this morning the suit of H. Faust vs. A. H. Blundin on sworn account of \$76.62. The judgment was for plaintiff. A notice of appeal will be filed.

THE IRISH.

What a Representative of Parnell Says.

New York, August 12.—Thomas Sexton and William Belknap arrived this morning and left for Boston to attend the Land League convention. Sexton stated that his relations with Parnell and Davitt were friendly, and that no estrangement existed between the two latter.

Sexton comes as a Parnell representative to the Land League convention in Boston. Sexton was seen by a reporter, to whom he said:

"My only purpose in this visit to America is to serve the formation and system of the League and discuss the methods for fostering harmony, for on harmony alone depends a successful carrying out of the principles of the League. I do not deem it wise in a year like this, when the country is absorbed in the Presidential election, to endeavor to gain attention for other subjects. I shall probably return home on the 20th, as political events will require my attention. After next year I shall come again and address the citizens of your country on the subject of the work we have in hand here."

When asked if he had any special news from the other side, Sexton said: "No affairs remain about the same. The land laws are badly administered and the Government has appointed Land Commissioners who are in sympathy with the landlord class. They broke the back of the Healey act. That a tenant should be compelled to pay rent on his own improvements is a monstrous thing, and the League's first effort is toward the abolition of that system. When we have accomplished that end the adjustment of the land will be a simple matter."

"What are the essential differences between Parnell and Davitt? We have heard over here that Davitt will be ostracized."

Sexton seemed surprised, and answered: "There is no real difference. Davitt has a plan of his own for the benefit of his tenants, but that he has been ostracized by the Parnell party is altogether a mistake. I traveled together to the Limerick convention, so you see we must be friendly, and he assured me that he would allow no personal preference to stand in the way of unity. Everybody has great respect for Davitt. He is a man of great thought and has suffered severely for his cause. Any statement that there is any ill feeling between Parnell and him is erroneous."

Probably a meeting will be organized when Sexton returns from Boston to give him a reception, and afford him an opportunity of explaining the work of the land league in Ireland.

THE GREELY PARTY.

Lieutenant Greely's Statement Regarding Henry's Death.

Boston, August 12.—A special from Portsmouth, New Hampshire, says: Early this morning Colonel Kent obtained an interview with Lieutenant Greely, who admits that Henry had a military execution on the 5th of June. As early as March it was suspected that Henry was stealing the limited food, which was apportioned out to the survivors, and this fact being finally and positively ascertained, Greely had hard work to protect the man's life. It became necessary in order to keep discipline in the party that he would be shot if the practice continued, and that a similar fate would be given to any other member of the party detected in the crime. If Henry had been permitted to continue his stealing unmolested the balance of the party would have surely starved. After that, in spite of the warnings, Henry was again detected stealing provisions, among the food taken being two pounds of bacon, and eating so much of which made him ill. Search was then instituted, when it was found that Henry had among other articles, stolen and secreted a pair of seal-skin boots, which had belonged to the hunter of the party. Lieutenant Greely was therefore forced, in order to maintain military discipline, and to protect the lives of the other comrades to issue a written order that Henry be shot, which order was carried into effect on June 5. As to the alleged neutralization of the party, Lieutenant Greely says that if there was anything of the kind it must have been an individual act and not general. Nothing of the kind, however, came under Greely's personal observation.

Brainard, who is in the hospital at the navy yard, confirms Greely's statement. More than two months ago, he told Greely forward to the Secretary of War a detailed report of Henry's execution. Upon proper representation to Secretary Chandler, a court of inquiry will undoubtedly be ordered.

RATTLESNAKE JAKE'S DEATH.

How Two Wild Men of the West Died With Their Boots on.

From the Portland Overland.

On Big Spring Creek, in Meagher county, a few days ago, Rattlesnake Jake and his partner, O'Fallon, two desperadoes and rapacious thieves, attempted to run a small place called Laverton, and meeting with some opposition they declared they would clean out the town, and commenced shooting at everybody in sight. There were only three guns in the town, and they were placed in the hands of men of undoubted courage, who used them with such good effect that both of the supposed horse thieves were run down in a short time, O'Fallon being shot first, through and through with a Winchester rifle, and Rattlesnake served in a like manner a short time afterward.

Both men showed great pluck. O'Fallon, after being shot through the back to his partner and asked him if he was hurt, Jake said he was. "Well," said O'Fallon, "I am shot and I am a dead man, but I will stay with you to the moment he falls from his horse, and then I shall take care of him."

Both men showed great pluck. O'Fallon, after being shot through the back to his partner and asked him if he was hurt, Jake said he was. "Well," said O'Fallon, "I am shot and I am a dead man, but I will stay with you to the moment he falls from his horse, and then I shall take care of him."

frank, and shot him through the head, killing him instantly.

The citizens saw that there would be more men killed if the thing was not ended quickly, and shooting from the roofs of all sizes commenced in earnest. O'Fallon took five shots in the body before he fell the second time, and then he raised himself on his side and continued shooting until he had not strength enough to support himself, and after lying down he kept shooting as long as there was life in him.

Rattlesnake Jake, after he was shot through the body, kept shooting; then his right arm was broken by a ball, and he changed to his left hand and kept shooting, another ball broke his right leg, and, supporting himself by the other, he kept shooting, another ball struck his chin, carrying away half his jaw, when he fell on the ground, raised himself on his side, and kept shooting.

From weakness he could not support himself any longer, and died lying flat on the ground. There were nine balls in his body before he gave up. Just before he drew his last breath he made an effort to draw his pistol again, but had not strength enough, and it fell by his side.

In Memoriam.

To the Officers and Members of San Antonio Lodge No. 1, I. O. O. F., San Antonio, Texas, San Antonio, Texas, August 7, 1884.

DEAR BROTHERS: Your committee, appointed to draft resolutions expressive of sorrow for the death of Brother George Alexander, of this lodge, who was suddenly cut off by death on the morning of August 5, 1884, respectfully submit the following:

Whereas, It has pleased the Supreme Ruler of the universe to remove from our midst Brother George Alexander, of this lodge;

Resolved, That, while we humbly bow to the will of Him who doeth all things for our good, we cannot but feel that the loss of a brother, and of our beloved brother, to whose worthy stripes wife and children we extend our most heartfelt sympathies.

Resolved, That a copy of the resolutions, under our seal, be sent to the family of our deceased brother, and that they be spread upon our minutes and published in the daily newspapers of this city.

Respectfully submitted, J. Y. DASHIELL, H. C. MILLER, W. HOLY.

A NARROW ESCAPE.

Miss Nellie Burke, the equestrienne, who will be remembered as a fearless rider at the fair in this city two years ago, narrowly escaped a serious accident while riding at Shelbyville, Ill., last week. While near the wire she raised her whip to strike the horse. The animal shied, and running against a fence impulsively through a 2x4 railing, going easily through his body, instantly killing him. Miss Burke was thrown violently to the ground about 20 feet away from the horse, but received serious injuries beyond severe contusions and shock to the system by the concussion. The horse was valued at \$200.

Assumption Day.

To-morrow is Assumption Day in the Catholic calendar, and will be fittingly celebrated by high masses in all our Catholic churches, the main celebration taking place at San Fernando cathedral. The day is one of the four annual feasts of obligation in the Catholic church of the United States, and is fixed to commemorate the assumption, or taking up to Heaven of the body and soul of the Blessed Virgin Mary. Masses of praise and rejoicing will be sung. The following beautiful musical services will be rendered at San Fernando cathedral at 10 o'clock a. m. Any information will be cheerfully rendered by Robert Holland, who resides near the Methodist Episcopal church.

Scholarship's Hop.

The hop given by Madame Virgile Donaldson last evening at the springs to her dancing class, was a very agreeable affair throughout, though the attendance was rather unusually small. The following ladies attended and brightened the occasion by their smiles: Misses Gayler, Paschal, Annie Hunter, Helen Ineson, Fost, Conley, Lottie Blitzer, Zacharias, Newman, Porter, Derr, Weiling, Koenigsmitt, Campbell, Anderson, Ryan, Mrs. and Miss Rhyer. Dancing was continued until about 12 o'clock.

Trouble Averted.

The Pleasanton stage driver, Deveraux, and a station agent at Medina, 12 miles North of the city, had a little trouble yesterday at Medina, which happily terminated without bloodshed, although the station agent pulled a pistol and "got the drop" on Deveraux. An old feud is the cause of it, and both parties have been going prepared for trouble for some time. Deveraux was not armed it is said.

Wedding Anniversaries.

Mr. and Mrs. C. G. Artzt will celebrate the 31st anniversary of their nuptials to-night at their residence on Houston street.

Rev. C. C. Armstrong and wife will celebrate the second anniversary of their wedding to-night by a nice little social gathering.

Mother Hubbard Base Ball.

Some young gentlemen of our city are trying to organize two amateur base ball nines to play a match game of ball for the benefit of the Ladies' Exposition society. There will be a fat men's and a lean men's nine, or a duds nine and Mother Hubbard nine, with a duds for umpire. It will be very laughable and no doubt would draw a great crowd.

Ladies approve of your smoking "Little Joker."

TELEGRAPHIC NEWS.

AN IOWA LAWYER TARR BY ANTI-PROHIBITIONISTS.

Labor Troubles in Chicago—Strike at Denver—Other News and Notes.

TOLEDO, August 12.—Two deaths from cholera last night. The heat is moderating.

MARSHFIELD, August 12.—Forty deaths from cholera in two days at Los Omergues, in the Department of Basasles.

CITY OF MEXICO, August 12.—The Federal Government has seized and confiscated General Perez Jardon's printing office from which revolutionary circulars have been issued. These other Generals are implicated and have been imprisoned with Jardon, who formerly edited an opposition paper to the administration known as the "Constitutional."

WASHINGTON, August 12.—The Chief Signal officer received a telegram from the surgeon in charge of the Greeley party at Portsmouth, saying the survivors will be ready by Saturday next to proceed to their respective homes. A delegation of Comanche, Kiowa and Wichita bands was at the Interior department to-day to ascertain the proper course to be pursued in leasing their lands. They desire to lease between 2,000,000 and 3,000,000 acres in the Indian Territory to coal man.

DENVER, August 12.—All the workmen, numbering about 300, employed by the Kansas Pacific and South Park shops of the Union Pacific railroad company in this city, struck at noon to-day. The causes are varied. The men claim that in settling the difficulties of May last management agreed not to discharge any of the men, but would lay off and call on as business demanded. This the management deny, and have discharged men at different shops from time to time as the decrease in business required. By the recent reduction of 10 per cent. at Ellis, Kansas, the men claim the management ignored the promise made in May last. No violence is anticipated.

CHICAGO, August 12.—Rev. H. M. Collier, who killed his wife and then shot himself through the head yesterday evening, is still alive. The coroner's inquest into the cause of Mrs. Collier's death, resulted in a verdict that he had killed her by a bullet in the head. The investigation showed that he had no sane belief that the people of Dakota employed him to write the history of that State, that he had failed to do so and that the people were preparing to arrest and punish him. In addition to that he believed he had written a letter to Dakota which would ruin hundreds of families there and took the means employed as the only way to avoid disgrace and stone for his wrong.

CHICAGO, August 12.—This evening, when the non-union men to the number of about 40, who have taken the places of the strikers in Cribben & Sexton's stove foundry, quit work and started home in a body they were followed by the strikers, hooting and shouting. Their numbers constantly increased and when some distance away, the mob threw at the workmen, one of whom fell with a gash in his head. A pistol shot followed and another man fell with a bullet in his leg. The workmen, who were well armed by their employers, then turned and fired a volley at their assailants, one of whom was shot through the heart and died instantly. After about 30 shots were fired the mob scattered and the workmen went to their homes. The police tried to catch the principal witnesses named Swafford, and would have hanged him had they found him. A constable was severely cut with knives. The trouble came to town this evening, and for an hour had possession of the streets, the Sheriff's force and city police being powerless. After supper they found Swafford and knocked him and his brother down on the street and would have killed them had they not been secreted in a store. A meeting of citizens has been held, the outrage vigorously condemned, and special police appointed for the night. The best people of all parties are urging obedience to the law. The ring leaders in this trouble are known and warrants have been issued for their arrest. It would be dangerous to serve them to-night, owing to the inflamed condition of the lower classes. At 9 p. m. the city has become quieted down and fears of further trouble have been dispelled. It has been discovered that a half dozen troops of this city were reinforced by a large body of thugs from outside the State. All such suspicious characters have left town.

Not Necessary.

This active and judicious Journal, the Galveston Daily News, makes this ingenious and instructive proposal:

"The Democratic National committee should appoint a commission to investigate Editor Dana's grievances against Grover Cleveland."

It is not necessary. Our grievance is of the simplest and plainest nature. There is nothing about it to require investigation. We have published it repeatedly, and will publish it again whenever it is asked for. We hold that Grover Cleveland is not fit to be President, and that he has done nothing to merit such promotion.—[N. Y. Sun.]
